

# Insulation Tape

Product information sheet

#### EIC-16 · Installation & Accessories

## Insulation Tape

Tape for sealing joints and completing vapour barriers.

**Material:** Foil / insulation tape

**Primary use:** Sealing joints and vapour barriers

### Product overview

Insulation tape is used to seal joints, seams and edges on insulation and foil facings so the vapour barrier stays continuous. Foil tapes are used with foil-faced products, while other tapes are used for finishing rubber and foam insulation.

### Applications

- Sealing joints
- Vapour barrier finishing
- Foil facing seams

### Key features

- Seals joints and seams
- Keeps the vapour barrier continuous
- Foil and finishing tape options
- Easy to apply on site

### Available options / specifications
