

PIR/PUR Sheets

Product information sheet

**EIC-04 · Thermal Insulation**

PIR/PUR Sheets

Rigid PIR and PUR foam sheets for equipment and cold insulation.

Material: PIR / PUR foam

Primary use: Equipment and cold insulation

Product overview

PIR/PUR sheets are flat rigid foam boards available in polyisocyanurate (PIR) or polyurethane (PUR) grades. They are used for equipment and cold insulation on vessels, tanks, cold rooms and flat surfaces. The boards are cut to suit, fixed with adhesive or pins and completed with a facing or cladding system.

Applications

- Equipment insulation
- Cold insulation
- Cold rooms and vessels

Key features

- Available as PIR or PUR grade
- Rigid flat boards for equipment surfaces
- Suitable for cold insulation work
- Easy to cut, fix and finish
